VIGIL CLOUD ENHANCEMENTS

3xLOGIC's VIGIL CLOUD solution has been enhanced to include additional features and functionality, which provide huge benefits to both dealers and end users. Improved dealer functionality means more opportunities for dealers to generate increased ROI and RMR, installation is now quicker and easier, and the remote management is more efficient than ever. The user now has more control, they have the choice to select 5MP @resolution and up to 365 days retention option per camera. The Case Management feature is now available on the easy-to-use mobile app allowing the flexibility for the user to be in control anywhere and anytime.

5MP Resolution Support

When onboarding a camera, dealers can now offer their customers 5MP resolution support to its retention options, this is in addition to the 2MP support already available. Other benefits of the 5MP resolution support include:

- » Customer can change between 2MP and 5MP resolution when required
- » VIGIL CLOUD cameras provide full MP support with the purchase of the camera
- » Enhanced VIGIL CLOUD NVR Plugin Capability - Users can stream to VIGIL CLOUD for retention while at the same time maintaining visibility on the NVR with no configuration changes
- » 5MP support customers will now have 25GB of case management storage available per camera (2MP support provides 10GB storage per camera)

180/365 Day Retention Options

Additional retention options for 2MP and 5MP resolutions are now available for VIGIL CLOUD. Dealers will now have optional 180 or 365 day retention options per camera. As always, dealers can mix/match retention options based on the critical needs of the customers.

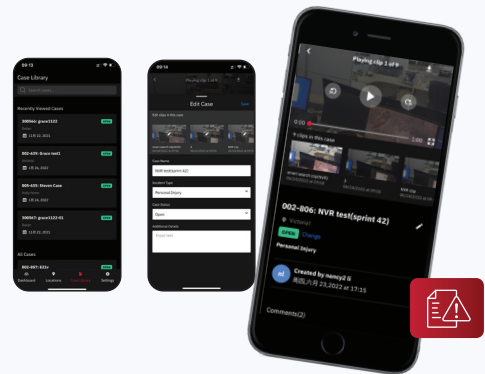

Case Management on Mobile App

VIGIL CLOUD's best in class video collaboration functionality - Case Management feature has been extended from its web application to our easy-to-use mobile app.

Customers can utilize case management features including:

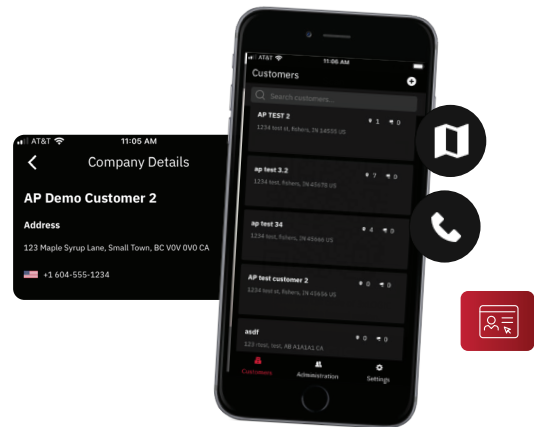

- » Build cases in the cloud with video clips and screenshots from one or more cameras
- » Share cases with team members for review, comment, and resolution
- » Easily download clips and still shots
- » Find cases by resolution status, location or incident type

Dealer Functionality on Mobile App

VIGIL CLOUD is re-defining the way dealers onboard customers and cameras with the introduction of dealer functionality in our VIGIL CLOUD web app, this provides some great benefits:

- » Increased ROI and RMR (Recurring Monthly Revenue)
- » Easily onboard cameras by using QR scans, greatly improving installation time and setup
- » Remote Maintenance
- » Manage all customers and locations easily using our intuitive CLOUD workflow
- » Identify customers and cameras that need attention
