5MP Ball Turret Camera Series

VX-5M-OT-RIW, VX-5M28-OT-IW, VX-5M4-OT-IW

Crystal Clear Security:
Unveiling the Ultimate HD Camera with Unbeatable Clarity

The **3xLOGIC** 5MP Ball Turret Series features adjustable and high-definition cameras for clients needing clarity in areas with poor lighting conditions. This versatile camera series is an easy-to-install, affordable application for a variety of indoor or outdoor areas allowing optimal IR and perimeter coverage.

Key Features:

» True Wide Dynamic Range (WDR) for clear images in challenging lighting conditions

» Clear images at 70' IR

» 5MP sensor at real-time 30fps

» Fixed or Varifocal Lenses

» 2.8mm, 4mm, and 2.7-13.5mm Focal ranges

» IP67- and IK10-rated camera housing built to last

» ONVIF Profile S Support

» Video Compression H264 , H265, & MJPEG

» Max Resolution of 5MP (2592 x 1944)

» PoE and DC12V for single cable simplified installation

3xLOGIC

Competitive Advantage:

Where there are lighting challenges such as dark areas, sun glare, and internal IR reflection. This domeless solution offers optimal coverage and clarity.

Cost-Effective Solution:

Dealers can save time and resources due to the flexible and easy positioning offered by the ball design while not having to worry about cleaning or scuffing a dome during installation.

Indoor or Outdoor Use:

Being versatile in design allows this discrete camera to offer various installation destinations, specifically if perimeter protection or IR coverage is important.

Use Cases:

Retail, Commercial, Warehouse, Perimeter Protection (parking lots, doors, dumpsters)

Technical Specifications:

» 5MP (2592 x 1944) indoor/outdoor IP camera
» 2.8mm, 4mm, and 2.7-13.5mm Focal ranges
» IR distance – 70' (22m)
» 120dB WDR
» H.264, H.265, MJPEG
» IP67/IK10
» 12VDC and PoE (IEEE 802.3af)
» DC Max 7.1W PoE Max 8.5W (Varifocal)
» ONVIF Profile S
